

## Geography

Research a country and find out what is grown there. Write a paragraph explaining why that crop/produce is grown there and where it is exported to.

Date completed:

## Let it grow!

This half-term we would like the children in Year 3 and 4 to complete five homework tasks. **Please note that one task is optional as the children have additional Maths Home Learning this half term.** They may be completed in any order however we expect that one task will be completed per week, Homework books will be checked on **Thursday** every week. If you have any questions please do not hesitate to speak to the class teacher.

Thank you for your support.

Year 3 and 4 teachers

## Talk Home Learning

Discuss with a grown up.

During a mealtime, discuss where your food has come from and how it has been prepared. Where did it start? Talk about the journey.

Date completed:

## Optional task

## Design technology

Design, make and evaluate a healthy snack. Write a list of ingredients and their place of origin. If possible, take a picture of your snack that can be shared with the class. Alternatively, save this task for the last week of half term and bring it in to share on Thursday 9th February.

Date completed:

## Science

Choose one animal and create a food chain that features that animal. **Challenge:** Can you use the words 'consumer' and 'producer' in your food chain? Your food chain can be presented however you wish i.e. poster, PowerPoint,

Date completed:

## Literacy

Write a persuasive letter to a supermarket encouraging them to use Fair trade produce. You may want to write the letter from the perspective of a farmer.

Date completed:

Final hand in date Thursday 9th February 2017
