

Geography

Research where the largest rainforests are in the world.

Write a paragraph explaining where they are and any interesting facts about them,

Date completed:

Home Sweet Home

This half-term we would like the children in Year 3 and 4 to complete five homework tasks. **Please note that one task is optional as the children have additional Maths Home Learning this half term.** They may be completed in any order however we expect that one task will be completed per week, Homework books will be checked on **Thursday** every week. If you have any questions please do not hesitate to speak to the class teacher.

Thank you for your support.

Year 3 and 4 teachers

Talk Home Learning

Discuss with a grown up.

Discuss why the rainforest is important and what challenges it faces in the present and future.

Date completed:

Science

Choose one animal, which lives in the rainforest and create a

fact file for that animal. **Challenge:**

Can you include how the animal might be well adapted to live in the rainforest?

Your fact file can be presented however you wish i.e. poster, PowerPoint,

Date completed:

Optional task

Art

Draw a rainforest setting or animal(s) on plain paper or in your homework book. You may wish to draw a rainforest setting with animals included. You may wish to use a book or the internet to help. This site might be useful
