

We're Off To The Beach!

St Margaret's Academy—Home Learning

KS1

Maths

Build a sandcastle in cm, how tall or long is it? Take a photograph of your work and include the measurements.

Date Completed:

Art

Make a postcard of your favourite holiday destination.

Date Completed:

Cooking

Design your own ice cream flavour. Draw the ice cream—list the ingredients.

Date Completed:

Let's make

Create a collage using something you find at the beach—this could be a creature or a shell and take a photo.

Date Completed:

Computing

Investigate a far away beach location, make a poster to tell someone all about it.

Date Completed:

Photography/ICT/Computing

Explore the outside and take a photo of a place you really like to go. Take a picture of something you find at the beach.

Date Completed:

Creativity

Make your own eye spy book for another child to use for a visit to the beach. Remember to include pictures or drawings to help them find things.

Date Completed:

Investigations

Visit a local beach and list 10 things you find—create a list and find an interesting fact about 1 of the things.

Date Completed:

Teacher Comment

Hope you enjoy the homework, remember you can choose which ever tasks you like
